

# Aplicación de Herramientas

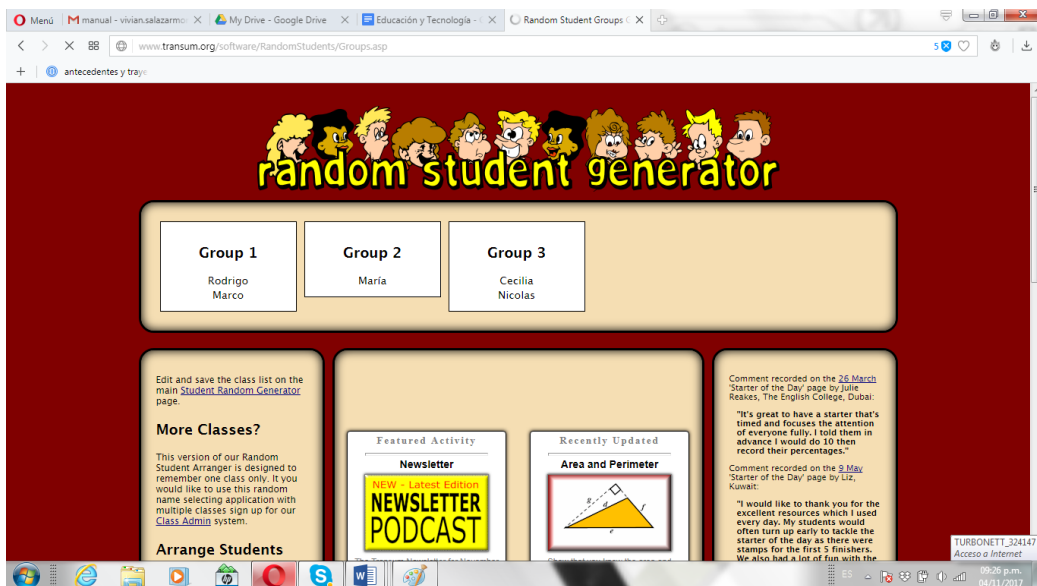

## Random Student Generator

Cecilia salió seleccionada

Ingresé una lista de estudiantes

## Formé 3 grupos

Para formar los grupos fui al menú más abajo y me dio opciones de número de grupos.

The screenshot shows a web browser window with the URL [www.transum.org/software/RandomStudents/Default.asp](http://www.transum.org/software/RandomStudents/Default.asp). The page has a dark red sidebar on the left and a main content area with a yellow background. At the top of the main area is a 'SELECT' button. Below it are two featured activity boxes: 'Newsletter' and 'Area and Perimeter'. The sidebar contains the following text:

Policy regarding the use of cookies.

**More Classes?**

This version of our Random Student Generator is designed to remember one class only. If you would like to use this random name selecting application with multiple classes sign up for our [Class Admin](#) system.

**Arrange Students**

If you have saved the list of names in the class list on the right of this page you can also:

- [Arrange Manually](#)
- [Arrange students into 2 groups](#)
- [Arrange students into 3 groups](#)
- [Arrange students into 4 groups](#)
- [Arrange students into 5 groups](#)
- [Arrange students into 6 groups](#)
- [Arrange students into 7 groups](#)
- [Arrange students into 8 groups](#)
- [Arrange students into 9 groups](#)
- [Arrange students into 10 groups](#)
- [Arrange students into 11 groups](#)
- [Arrange students into 12 groups](#)
- [Arrange students into 13 groups](#)
- [Arrange students into 14 groups](#)
- [Arrange students into 15 groups](#)
- [Arrange students into 16 groups](#)
- [Arrange students into 17 groups](#)
- [Arrange students into 18 groups](#)
- [Arrange students into 19 groups](#)
- [Arrange students into 20 groups](#)

A blue arrow points from the text 'me dio opciones de número de grupos.' to the 'Arrange students into 3 groups' link. The Windows taskbar at the bottom shows the time as 09:27 p.m. on 04/11/2017.
