

PHARMACY

COMMUNITY HUB

Community Hub Pharmacy is a certified licensed independent community pharmacy in Paris, Ontario that provides its customers with prescription and non-prescription medication on time. A pharmacy is not only a medical store that provides you a prescription, non-prescription medication but also understands the importance of medications for patients and also delivers trust to its patients.

It is a newly opened licensed independent community pharmacist in Paris Ontario that offers 100% guanine medication, flu vaccinations and provides a free pharmacist's consultation.

# COMMUNITY PHARMACY

## in Paris Ontario

- Personalized Attention
- Easy Refill Process
- Emergency Support

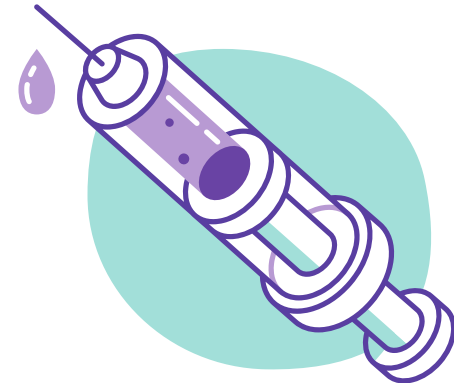

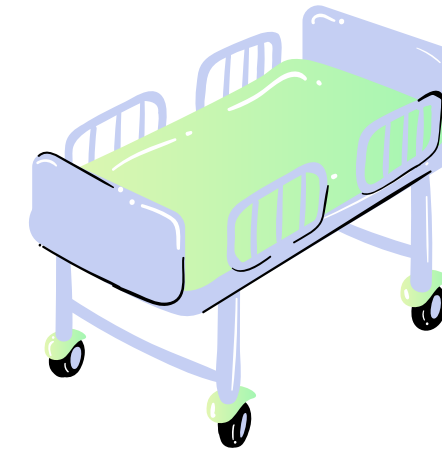

It also helps you to manage or refill your medicine in a timely and provides emergency support. Moreover, It provides medication delivery to your home/doorsteps, so that you never face any difficulties in arranging your medications.

It is essential to know about what medication you are taking. Generally, most of the medications are recommended by experienced doctors but sometimes people also take non-prescription medications. In this case, patients should confirm their medication with their pharmacist.
